

SERVICE LIST

All visiting pets are required to be current with Rabies, Distemper and Bordetella vaccines at least two weeks prior to boarding! Boarding guests will also need a negative fecal exam within the last 12 months and are strongly encouraged to be on a flea/tick preventative. Chateau Des Paws is intended for healthy pets.

CANINE OVERNIGHT BOARDING

Give your dog the ultimate experience in luxury pet hotel boarding. Our trained staff members love dogs and will spend hours playing with and exercising your furry friend. Rest assured that your pets will receive individualized attention and have access to our 24-hour emergency care at East End Veterinary Center should any concerns arise during their stay. Pets can enjoy playtime in our roomy indoor play area or get some fresh air in a securely-fenced outdoor play area. Each guest will be fed according to your instructions, be walked at a minimum of every two hours, and receive orthopedic bedding. Window suites available upon request.

CANINE DAYCARE

A great choice for owners that can't bear to leave their pets home alone while they're at work. Pets receive the same great care as our overnight guests and have the option to choose between a full daycare visit (up to 12 hours) or a half-day daycare visit (less than 6 hours).

FELINE OVERNIGHT BOARDING

We know boarded cats have different needs than dogs which is why we have a feline-only section of Chateau Des Paws! Your cat can rest comfortably in a quiet environment free from barking dogs and always have accessible windows to birdwatch from. Our kitty condos have multiple levels and separate areas for their litter box.

SPA SERVICES

Please note, while we are experts at giving baths, we do not provide any hair trimming/styling services. Appointments are required for baths and strongly encouraged for all other grooming services. Walk-ins are not guaranteed, and same-day spa services are based on availability.

BASIC BATH Get your pet squeaky clean with our basic bathing services. Special options are available for sensitive skin or allergy pets. Receive a basic bath completely free (up to a \$55 value!) with a 3-night reservation. Oatmeal or hypoallergenic shampoo available on request.

CONDITIONING TREATMENT Add on this conditioning treatment to make your pet's hair silky smooth.

DE-SHEDDING PACKAGE The package your vacuum is begging for you to choose! Your pet will receive a therapeutic bath with FURminator shampoo and conditioner, designed to help reduce your pet's shedding. Afterwards, pets receive a thorough brush-out.

MEDICATED BATH Perfect for pets that need special bath treatments with veterinary-prescribed shampoos. As this is a veterinary treatment prescribed by a doctor, medicated shampoos should be provided by the pet parents.

COMPLIMENTARY BATH UPGRADE Upgrade your complimentary bath to any of the above services for a reduced price.
